EDUCATION

B.TECH INFORMATION TECHNOLOGY

KONGU ENGINEERING COLLEGE

2022-2026 CGPA 6.99

HSC -VIVEKANANDA MATRICULATION HIGHER SECONDARY SCHOOL

2022 72.16%

SSLC - VIVEKANANDA MATRICULATION HIGHER SECONDARY SCHOOL

2020 87.6%

SKILLS

Programming languages

- C
- Java
- Dart

Frameworks & Technologies

- Flutter
- HTML
- CSS
- React.js

Database

- MongoDB
- SQL

DevOps & Cloud:

- Linux(CentOS)
- AWS (EC2, S3, IAM)
- Docker
- GitHub Actions
- Terraform

AREA OF INTEREST

- Cloud & DevOps
- App Development

LANGUAGES

- English
- Tamil

LEADERSHIP

Class Representative 2023-2024

PROFESSIONAL SUMMARY

IT undergraduate (2026) skilled in Flutter, React.js, Node.js, Docker, and AWS. Experienced in CI/CD automation and cloud deployment. Published a production Android app on Google Play Store. Seeking a full-time role in software development or DevOps.

PROJECTS

- Sivakasi Mobile Application** - Built and launched a Flutter-based Android application with REST API integration and responsive UI. Implemented scalable architecture and managed the complete deployment lifecycle.
Technologies: Flutter, Dart, REST APIs, GitLab
Project Link: <https://play.google.com/store/apps/details?id=com.app.sivakasi>
- KK Construction Portfolio Website** — Engineered a dynamic portfolio website to showcase company projects and services. Integrated frontend and backend functionalities with optimized performance and modern UI design.
Technologies: React (Vite), Node.js, MongoDB, CSS
- Instagram Clone Web Application**- Architected a full-featured social media web application with features like post sharing, likes, and comments. Developed reusable React components and managed application state for smooth user experience.
Technologies: React.js, JavaScript, CSS
- Expense Tracker - CI/CD Automation** - Containerized and deployed a Vite-based web application using Docker. Implemented CI/CD pipelines with GitHub Actions and deployed the application on AWS EC2.
Technologies: JavaScript, Docker, GitHub Actions, AWS EC2

INTERNSHIPS

- RabbitQR Technologies** - Flutter Developer Intern - Developed Flutter UI components and integrated REST APIs, contributing to production-level mobile app features over a 3-month internship.
- Web Development Intern at COGNIFIZ** — Contributed to frontend development tasks over a 30-day online internship.

CERTIFICATIONS

- Earned prestigious certifications from NPTEL - National Programme on Technology Enhanced Learning:

Privacy and Security in Online
Social Media

Jan-Apr 2024

- Completed MongoDB Associate Developer Node Certification.
